Temporary Updates during COVID-19

One of the many benefits of registering as an RCO is the opportunity to **apply for event funding**. Funding sources include the **Graduate & Professional Student Association** and **Campus Core Funding**.

## Policies

1. Funding requests must be submitted at least **two weeks prior** to the event date.
2. Submitting a budget request *does not guarantee* funding.
3. Funding will not be awarded for events that have already occurred. Requests submitted after the event may automatically be denied.
4. Only RCO-initiated events, activities, and programs are funded. Funding is not available for general operating expenses or lump sums.
5. Funds may only be used for the event, activity, or program to which they were allocated. Funds may not be transferred from one event to another.
6. Funds may not be carried forward beyond the date of the event, activity, or program to which they were allocated. Unspent allocated funds will be returned to the funding source.
7. If the event has been awarded funding in the past, historical attendance may be factor in the funding decision.
8. RCOs will be required to submit an explanation for events with a significant negative variance in attendance (i.e. actual attendance =<50% of estimated attendance).
9. Funding allocated based on anticipated participation numbers of **UCSF students**.
